**Charter of Steamers "Empress of Asia" and "Empress of Russia" during the War
at request of Imperial Government**

AUDIT OFFICE, OTTAWA, September 19, 1921.

SIR,—With reference to the enclosed application for \$1,609,321.01 in favour of the Canadian Pacific Ocean Services, Limited, and the Order in Council (P.C. 712) under the authority of which the application has been made, I beg to point out that there is no war appropriation for the current fiscal year under the administration of your Department and consequently I am not in a position to pass the amount asked for.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister, Marine and Fisheries, Ottawa.

DEPARTMENT OF JUSTICE, OTTAWA, February 4, 1921.

SIR,—Referring to your letter of 28th ultimo, enclosing the papers with reference to this claim, I have considered the matter and made enquiries of His Majesty's Government, and I am informed by despatch of 26th ultimo that as all shipping services rendered by His Majesty's Government to the Canadian Government have been charged for on the basis of blue book rates the Shipping Controller considers that correspondingly payment by His Majesty's Government to the Canadian Government for shipping services rendered by the latter should be on the same footing. This it is said is the policy underlying arrangements which have been made with Governments of the other Dominions as regards terms upon which vessels were requisitioned for Imperial war service. Lord Milner adds, as I interpret the despatch, that in so far as the running expenses of these two Empresses were greater than those of similar vessels owned in Great Britain the Shipping Controller would be prepared to agree to increase the Blue Book rates. This, however, is a mere matter of adjustments between the two Governments.

In view of the correspondence it may, therefore be considered that His Majesty's Government will not contribute to the payment of this claim except to the extent of Blue Book rates, enlarged, if necessary, to provide equality as between these vessels and similar vessels registered in the United Kingdom.

If therefore the Canadian Pacific Ocean Services is to receive reasonable compensation for the use of these vessels, it will be necessary for this Government to assume a liability much in excess of the amount which His Majesty's Government will contribute.

I observe that the Minister of Marine and Fisheries reported to Council on 2nd February last "that having regard to the services performed, to the character of the vessels, to the rate that the United States Government were paying for similar services, and also to the rate that His Majesty's Government were paying vessels of foreign registry of a much inferior class, the rate which the owners have expressed a willingness to accept, viz:—34s. per ton per month, is considered fair and reasonable and is recommended for payment."

After careful study of the papers I have reached the conclusion that it is advisable to accommodate this claim in accordance with the Minister's recommendation. There seems to be no suggestion that the owners would be unreasonably compensated at the rate of 34s. per ton, and there is a reason to apprehend that judicial proceedings might result in an allowance in excess of that rate.

Charte des paquebots "Empress of Asia" et "Empress of Russia" durant la guerre
à la demande du gouvernement impérial.

BUREAU DE L'AUDITEUR, OTTAWA, le 19 septembre 1921.

MONSIEUR,—Relativement à la requête ci-incluse pour la somme de \$1,609,321.01 en faveur de la "Canadian Pacific Ocean Services, Ltd." et de l'arrêté du Conseil (C.P. 712) sous l'empire duquel ladite requête a été présentée, je tiens à faire remarquer qu'aucun crédit de guerre n'a été voté pour l'exercice courant en prévision des besoins de votre ministère. En conséquence, je ne suis pas en mesure d'autoriser le paiement de la somme en question.

Je demeure, monsieur, votre obéissant serviteur,

WM KEARNS, *A.G. adj.*

Le sous-ministre, Marine et Pêcheries, Ottawa.

MINISTÈRE DE LA JUSTICE, OTTAWA, 4 février 1921.

Paquebots "Empress of Asia" et "Empress of Russia"—Canadian Pacific Ocean Services, Ltd.

MONSIEUR,—A propos de votre lettre du 28 écoulé, accompagnant les documents relatifs à cette réclamation, j'ai examiné la question et demandé des renseignements au gouvernement de Sa Majesté. Une dépêche du 26 écoulé m'apprend qu'en fait de transports, comme tous les services rendus par le gouvernement de Sa Majesté au gouvernement canadien ont été débités suivant les taux du Livre bleu, le contrôleur de la navigation estime qu'en conséquence le gouvernement de Sa Majesté devrait payer d'après la même base les services du même genre rendus par le gouvernement canadien. Telle est, dit-on, la politique qui a servi de base aux arrangements conclus avec les gouvernements des autres Dominions concernant les conditions auxquelles on réquisitionnait les navires pour le service de guerre impérial. Lord Milner ajoute, si je comprends bien la dépêche, que vu que les dépenses courantes de ces deux "Empress" étaient plus grandes que celles des navires anglais du même genre, le contrôleur de la navigation serait prêt à consentir l'augmentation des taux du Livre bleu. Mais c'est là une pure question d'accommodement entre les deux gouvernements.

En égard à la correspondance, on peut donc croire que le gouvernement de Sa Majesté ne contribuera pas au paiement de cette réclamation sauf dans la limite des taux du Livre bleu, augmentés au besoin pour mettre ces vaisseaux sur le même pied que les navires du même genre enregistrés dans le Royaume-Uni.

Si donc la *Canadian Pacific Ocean Services* doit recevoir un dédommagement raisonnable pour l'usage de ses navires, il faudra que notre gouvernement assume une dette bien supérieure à la somme que doit fournir le gouvernement de Sa Majesté.

Je constate que le ministre de la Marine et des Pêcheries a rapporté au Conseil, le 2 février dernier, qu'en égard aux services rendus, à la nature des navires, aux taux payés par le gouvernement des Etats-Unis pour des services semblables et aussi aux taux que le gouvernement de Sa Majesté payait pour des vaisseaux étrangers d'une classe bien inférieure, le taux que les propriétaires se sont montrés disposés à accepter, soit 34s. la tonne, par mois, nous le croyons raisonnable et en recommandons le paiement."

Après une étude attentive des documents, j'ai conclu qu'il était à propos de payer cette réclamation suivant la recommandation du ministre. On ne semble pas prétendre que les propriétaires seraient dédommagés d'une manière irraisonnable au taux de 34s. la tonne, et il y a lieu d'appréhender que les procédures judiciaires obtiendraient une allocation de taux supérieure à ce chiffre.

I have had several interviews with the legal adviser of the Company, and he expresses his willingness to submit any information in the Company's possession, if any further information be required, to enable the Government to verify or question the reasonableness of the amount claimed.

Therefore, if any evidence be lacking to justify the recommendation which the Minister submitted it may be obtained without resort to the court, and judicial proceedings to determine the amount of the compensation will be necessarily attended with considerable delay and large expense. My own view is that it would be better to avoid this expenditure, which I think will be fruitless, by settlement upon the terms proposed. Everybody knows that the rate of shipping was enormously high during the period of the employment of these ships. The Company is entitled to compensation, and there is no limit to the compensation which it may recover within the scope of what is fair and just. There do not appear to be any grounds of defence available or any source of evidence to which the Government may look with a prospect of reducing the claim. If the case go to the court counsel entrusted with it on behalf of the Government will have nothing more to rely upon than such proof as he may be able to obtain from persons experienced in shipping and the information which can be obtained from the owners, and it is I think not to be imagined that the testimony to be elicited from these sources would be of a character to justify reduction of the amount beyond that which the Company's is now prepared to accept. On the other hand if the Company be required to formulate its claim for adjudication it may be anticipated that the demand will considerably exceed the rate now named for purposes of settlement, and I think it not unlikely that the Company would succeed in establishing such a demand.

You will perceive that the view with which I am thus strongly impressed is in precise accord with the conclusions of Sir George Foster's letter to Mr. Lloyd George of 25th February last, and upon the whole case I do not think that any advantage can accrue to the Government from litigation, while on the contrary it would involve certainty of considerable expense and a risk, which is by no means negligible, of an appreciation of the amount to be paid in comparison with that of the Company's present offer. Of course this Government may wish to discuss further with His Majesty's Government the incidence of the compensation, but that is not a matter with which the owners are concerned; neither would judicial determination of the amount as between this Government and the owners in any manner fortify our claim for indemnity such as it may be.

I feel convinced therefore that this is a matter for settlement rather than for litigation, and I venture to suggest that the Government should reconsider the case in that view, but as the claim has been standing for a long time the owners are of course desirous that in one way or the other they should receive their compensation without any avoidable delay.

I am returning the papers herewith as you may desire to refer to them in connection with this report.

I have the honour to be, Sir, your obedient servant,

E. L. NEWCOMBE, *D.M. of Justice.*

The Acting Deputy Minister, Marine and Fisheries, Ottawa.

AUDIT OFFICE, OTTAWA, October 14, 1921.

SIR,—With further reference to your application of 19th ultimo for a cheque for \$1,609,321.01 in favour of the Canadian Pacific Ocean Services, Limited, being balance due for hire of steamships "Empress of Asia" and "Empress of Japan" commandeered

J'ai eu plusieurs entrevues avec l'avocat de la compagnie et il s'est déclaré prêt à fournir tous les renseignements qu'elle possède, si le gouvernement a besoin de plus d'informations pour lui permettre de vérifier ou de discuter l'équité de la réclamation.

Par conséquent, s'il faut quelque autre preuve pour justifier la recommandation du ministre, on peut l'obtenir sans avoir recours aux tribunaux. Les procédures judiciaires nécessaires pour déterminer le montant de la compensation entraîneraient nécessairement un délai considérable et seraient très coûteuses. Je suis d'avis qu'il vaudrait mieux éviter cette dépense, qui me paraît inutile, en acceptant l'arrangement proposé. On sait que les taux du transport étaient très élevés pendant la période de l'emploi de ces bateaux. La compagnie a droit à une compensation et l'on ne saurait déterminer, même approximativement, la somme qu'elle pourrait obtenir équitablement. Il ne paraît pas y avoir de terrain de défense possible, ou de source de renseignements, auxquels le gouvernement pourrait recourir pour obtenir une diminution de la somme réclamée. Si ce cas est soumis aux tribunaux, l'avocat chargé de représenter le gouvernement ne pourra compter que sur les témoignages de personnes ayant de l'expérience dans les questions de transport et sur les renseignements que les propriétaires voudront bien donner. L'on ne doit pas s'imaginer que des témoignages de cette nature seraient suffisants pour justifier une diminution de la somme réclamée, au delà de ce que la compagnie est maintenant prête à accepter. D'un autre côté, si l'on exige que la compagnie formule sa réclamation, on peut s'attendre à ce que la somme demandée soit beaucoup plus considérable que le montant suggéré afin d'obtenir un règlement, et il est fort possible qu'elle puisse réussir à établir une telle demande.

Vous constaterez que mon opinion est précisément conforme aux conclusions de la lettre de Sir George Foster à M. Lloyd George, en date du 25 février dernier. Dans toute l'affaire, je ne crois pas que la litigation offre le moindre avantage au gouvernement. Bien au contraire, une telle procédure entraînerait certainement des frais considérables et le risque, qui n'est pas négligeable, d'être obligé de payer une somme plus considérable que ne comporte l'offre actuelle de la compagnie. Il se peut que le gouvernement désire continuer les discussions avec le gouvernement de Sa Majesté, au sujet de la compensation, mais ce n'est pas un sujet qui intéresse les propriétaires. La détermination judiciaire de la somme que le gouvernement devrait payer aux propriétaires ne pourrait pas non plus fortifier notre réclamation d'une indemnité.

Je suis convaincu qu'il vaut mieux accepter un règlement dans le cas actuel que de plaider, et je suggère au gouvernement de reconsidérer la question dans ce sens. Mais, d'une manière ou de l'autre, comme cette question est en suspens depuis longtemps, les propriétaires désireraient recevoir le paiement de cette compensation avec le moins de délai possible.

Je vous retourne les documents relatifs à la question, pour que vous puissiez les consulter en étudiant ce rapport.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur.

COUR DES COMPTES, OTTAWA, le 14 octobre 1921.

MONSIEUR,—Relativement encore à votre demande du 19 courant pour un chèque de \$1,609,321.01 en faveur des *Canadian Pacific Ocean Services, Limited*, étant la balance due pour la location des navires "Empress of Asia" et "Empress of Japan", réquisitionnés par le gouvernement canadien durant la guerre à la demande du gou-

by the Canadian Government during the war at the request of the Imperial Government, I beg to inform you that I have certified that the cheque asked for may issue.

I have done so in view of the opinion given by Mr. Newcombe, Deputy Minister of Justice, as to the legal liability of the Government in respect of the hire of these steamers and also because the Governor in Council has directed that the amount may be made a charge on the appropriation for demobilization, Militia and Defence, in the Supply Bill of the current fiscal year.

Dominion Iron and Steel Co., Payment of amounts deducted in error

AUDIT OFFICE, OTTAWA, January 10, 1922.

SIR,—Before passing your application of the 5th instant for a cheque for \$50,094.49 in favour of the Dominion Iron and Steel Company being for "amounts deducted in error from invoices of the Dominion Iron and Steel Company covering ten cents extra per one hundred pounds" I should like to have some further explanation respecting the disallowance in the first instance and your present application.

Please let me know the Clause in the contract under which the Company claim ten cents extra per one hundred pounds on steel manufactured to Lloyd's specification.

Schedule A attached to the contract provides for certain extras over the basic price, but there is no such general heading as "Lloyd's Specifications".

I am, Sir, your obedient servant,

E. D SUTHERLAND, *A.G.*

The Deputy Minister, Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, January 17, 1922.

SIR,—I have your communication of the 10th instant, relative to the Department's application for a cheque for \$50,094.49, in favour of the Dominion Iron and Steel Company, being for amounts deducted from their invoices.

You request to be advised respecting the disallowance in the first instance and the present application, and in this connection may say that when the invoices were received by the Department from the Dominion Iron and Steel Company they included the charge of 10 cents extra per hundred pounds for all the steel rolled, whereas the Department claimed they were only entitled to be paid under the contract for the hull steel rolled to Lloyd's requirements, and which on reference to the schedules forming part of the contract the following clause you will observe:

"In this contract Lloyd's specification for hull steel is the equivalent of Navy Department Specification under the sub-heading "Grades", and carried the same extra."

and on referring to the sub-heading grades, seventh item, you will note that material to the Navy Department's specification carries an extra of 10 cents per hundred pounds, on which their claim is based.

I am, Sir, your obedient servant,

A. JOHNSTON, *D.M. of Marine and Fisheries.*

The Auditor General.

vernement impérial, j'ai l'honneur de vous informer que j'ai certifié que le chèque demandé soit émis.

J'ai agi ainsi à cause de l'opinion donnée par M. Newcombe, sous-ministre de la Justice, en ce qui a trait à la responsabilité légale du gouvernement à propos de la location de ces navires, et aussi parce que le gouverneur en conseil a enjoint que le montant peut être imputé au crédit pour la démobilisation de la Milice et de la Défense, dans le bill des subsides pour l'exercice en cours.

Dominion Iron and Steel Co.—Paiements de montants retranchés par erreur

COUR DES COMPTES, OTTAWA, le 10 janvier 1922.

MONSIEUR,—Avant d'approuver votre demande du 5 courant pour un chèque de \$50,094.49, en faveur de la *Dominion Iron and Steel Company*, pour des montants retranchés par erreur des factures de la *Dominion Iron and Steel Company*, couvrant dix sous supplémentaires par cent livres, j'aimerais obtenir d'autres renseignements sur le refus dans le premier cas et sur votre demande actuelle.

Veuillez me faire connaître la clause dans le contrat en vertu de laquelle la compagnie réclame dix sous supplémentaires par cent livres d'acier fabriqué selon les devis des Lloyd's.

La cédule A attachée au contrat pourvoit à certains extras sur les prix basiques, mais il n'existe pas de rubrique générale telle que "Lloyd's Specifications".

Je suis, monsieur, votre obéissant serviteur,

E. D SUTHERLAND, *A.G.*

Au sous-ministre, Marine et Pêcheries, Ottawa.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, OTTAWA, le 17 janvier 1922.

MONSIEUR,—J'ai reçu votre lettre du 10 courant traitant de la demande faite par notre ministère au sujet de l'émission d'un chèque de \$50,094.49 en faveur de la *Dominion Iron and Steel Company*, ce chèque représentant la somme déduite des factures de la compagnie.

Vous demandez des explications sur notre refus de reconnaître les factures telles que présentées en premier lieu et sur notre demande actuelle. Permettez-moi de vous signaler à ce sujet que les factures adressées au ministère par la *Dominion Iron and Steel Company* contenaient un supplément de 10 cents par cent livres sur tout l'acier laminé et que, par contre, le ministère ne reconnaissait à la compagnie le droit d'exiger ce supplément que sur l'acier de coque laminé suivant les exigences de Lloyd. Vous remarquerez en examinant les annexes du contrat qu'une clause stipule que

"Dans ce contrat les spécifications pour l'acier laminé de Lloyd correspondent aux "spécifications du ministère de la Marine au sous-en-tête "Qualité", et sont sujettes aux mêmes suppléments." En référant au sous-en-tête "Qualité", article 7, vous verrez que les matériaux pour le ministère de la Marine sont sujets à un supplément de 10 cents par cent livres. C'est sur cette stipulation qu'ils appuient leur réclamation.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

A. JOHNSTON, *S.-M. de la Marine et des Pêcheries.*

AUDIT OFFICE, OTTAWA, January 21, 1922.

SIR,—With further reference to your application of the 5th instant for a cheque for \$50,094.49 in favour of the Dominion Iron and Steel Company, Limited, being for amounts deducted in error from the Company's invoices, I beg to say that your explanation in regard to Lloyd's specification is satisfactory, but before certifying to the amount asked for I shall be obliged if you will let me know if all the steel on which the extra amount is claimed was used in connection with the Government's shipbuilding programme.

Of course the extras claimed on steel for other purposes cannot be made a charge on the appropriation for shipbuilding programme.

I am, Sir, your obedient servant,

E. D SUTHERLAND, A.G.

The Deputy Minister, Marine and Fisheries, Ottawa.

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, February 3, 1922.

SIR,—Replying to your letter of the 21st ultimo relative to the Department's application for a check for \$50,094.49 in favor of the Dominion Iron and Steel Company, covering amounts deducted from their invoices in error,—I have to advise the number of pounds of steel used in connection with the Government Shipbuilding Programme, on which the extra amount is claimed, is 29,511,290 lbs. and the amount sold for commercial purposes 20,583,200 lbs. It is suggested the amount of \$20,583.20 claimed in connection with the plates sold for commercial purposes be paid out of casual revenue, as I understand some \$148,000 has been credited to the same through the sale of steel during the current fiscal year.

I am, Sir, your obedient servant,

A. JOHNSTON, *D.M. of Marine and Fisheries.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 8, 1922.

SIR,—Referring to your letter of the 3rd instant in which you state that the number of pounds of steel included in the amount upon which ten cents per one hundred pounds extra has been claimed by the Dominion Iron and Steel Company, Limited in their claim under date December 12, 1921 for the sum of \$50,094.49, delivered to contractors in connection with the Government Shipbuilding Programme is 29,511,290, I beg to request that you will send me a detailed statement of the vouchers sent you in support of the payments for this steel and also showing the distribution of it to the several shipbuilding contractors.

In making the necessary deductions from the progress payments of these contractors was the full amount of the claim charged or only the net amount as paid the Dominion Iron and Steel Company?

I am, Sir, your obedient servant,

E. D SUTHERLAND, A.G.

The Deputy Minister, Marine and Fisheries, Ottawa.

BUREAU DE L'AUDITEUR, OTTAWA, le 21 janvier 1922.

MONSIEUR,—Relativement à votre demande du 5 courant concernant l'autorisation que vous demandez d'émettre un chèque de \$50,094.49 en faveur de la *Dominion Iron and Steel Company, Limited*, représentant la somme déduite par erreur des factures de la compagnie, j'ai l'honneur de vous dire que vos explications sont satisfaisantes, mais avant de viser la somme demandée, je vous serais obligé si vous m'informiez si tout l'acier sur lequel le supplément est exigé a été employé pour l'exécution du programme de construction maritime du gouvernement.

On ne peut évidemment pas imputer aux crédits votés pour l'exécution du programme maritime les suppléments exigés pour l'acier employé pour d'autres fins.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

E. D SUTHERLAND, A.G.

Au sous-ministre de la Marine et des Pêcheries, Ottawa.

DÉPARTEMENT DE LA MARINE ET DES PÊCHERIES, OTTAWA, 3 février 1922.

MONSIEUR,—En réponse à votre lettre du 21 du mois dernier relative à la requête du département au sujet d'un chèque pour la somme de \$50,094.49 en faveur de la *Dominion Iron and Steel Company*, somme destinée à couvrir certains montants déduits par erreur de leurs factures, je dois vous dire que le nombre de livres d'acier utilisé conformément au programme de construction maritime du Gouvernement et auquel se rapporte la réclamation d'un montant supplémentaire, est de 29,511,290 livres et que le chiffre mis à la disposition du commerce est de 20,583,200 livres. On recommande que le montant de \$20,583.20 réclamé en rapport avec les plaques vendues pour fins commerciales soit pris à même le revenu casuel, car je crois savoir que la somme d'environ \$148,000 a été portée au crédit de la même rubrique du chef de la vente des aciers au cours de l'exercice fiscal courant.

Je suis, monsieur, votre obéissant serviteur.

A. JOHNSTON, S.-M. de la Marine et des Pêcheries.

A l'Auditeur général.

COUR DES COMPTES, OTTAWA, le 8 février 1922.

MONSIEUR,—Me référant à votre lettre du trois de ce mois où vous portez à 29,511,290 le nombre de livres d'acier compris dans le montant sur lequel il a été réclamé un supplément de 10 cents par cent livres par la *Dominion Iron and Steel Company, Limited*, dans sa réclamation en date du 12 décembre 1921 et relative au montant de \$50,094.49 versé aux entrepreneurs conformément au programme de construction maritime du gouvernement, je vous prie de bien vouloir me faire tenir un état détaillé des bordereaux que l'on vous a expédiés par rapport aux versements d'argent effectués pour ces aciers et où l'on trouve des indications sur la distribution de ces aciers faite aux nombreux entrepreneurs de construction maritime.

En effectuant les déductions nécessaires sur les versements courants de ces entrepreneurs, a-t-on fait état du plein montant de la réclamation ou seulement du montant net versé à la *Dominion Iron and Steel Company*?

Je suis, monsieur, votre obéissant serviteur,

E. D SUTHERLAND, A.G.

Le sous-ministre, Marine et Pêcheries, Ottawa.

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, February 18, 1922.

SIR,—I beg to acknowledge receipt of your letter of the 8th instant with reference to our application for \$50,094.49 in favour of the Dominion Iron and Steel Co., Ltd., being to cover the deductions of 10 cents per hundred pounds made from invoices for steel supplied to the Department.

As requested a statement is being prepared showing the deductions made from each voucher rendered by the Dominion Iron and Steel Company for steel supplied for shipbuilding.

Regarding the last paragraph of your letter in which you ask if only the net amount as paid to the Dominion Iron and Steel Co., Ltd. was charged to shipbuilders, I have to state that only the net amount was charged against progress payments, but as a charge of 50 cents was added to the contract price of \$2.75 per one hundred pounds of steel furnished in connection with the shipbuilding the Department is well protected.

I am, Sir, your obedient servant,

E. HAWKEN, *Asst. D.M.*

Special Parliamentary Appropriation Necessary for Payment of Freight on Steel Plates

*DEPARTMENT OF MARINE, OTTAWA, January 26, 1922.

SIR,—Having no appropriation for steel purchases for the fiscal year 1921-22, the Department has been obliged to deposit to the credit of Casual Revenue all sums received for the sale of its balance of steel plates in stock at the plant of the Dominion Iron and Steel Co., Sydney, N.S.

Messrs. Drummond, McCall & Co., of Montreal on behalf of the Department have disposed of about half of this stock (some 600,000 lbs.) and have remitted cheques to cover the major portion of their sales.

By application No. 368, 1920-21, out of appropriation for steel purchases, the Dominion Iron and Steel Co. was paid in full at \$3.65 per 100 lbs. for the above mentioned stock of plates. However, when shipping these plates from its plant on orders from Messrs Drummond, McCall & Co., the Dominion Iron and Steel Co. has had to pay freight and a sales tax of $1\frac{1}{2}\%$ on each invoice. Naturally, all sums so paid are recoverable from this Department, sales of plates being in all cases f.o.b. point of delivery.

To pay claims out of Casual Revenue it appears to be necessary in making application to refer always to the revenue statement covering the original deposit of the sum to be recovered. To follow this procedure with each invoice to be dealt with would mean withholding payments due the Dominion Iron and Steel Co. for freight and sales tax until Messrs. Drummond, McCall & Co. had made a settlement with us for the sale of the steel effected and the money so received had been deposited by the Department to the credit of Casual Revenue. In view of the considerable number of invoices on hand, shipments partly completed, claims and counter claims, such an arrangement would be, to say the least, very complicated.

Aside from the accounts and claims mentioned above there are still a number of settlements to be made for damaged plates and plates short delivered in connection with business put through during the fiscal year 1920-21 when of course remittances were deposited to the credit of the steel purchase appropriation. In paying some of these claims and allowances it would be impossible to make application against any particular revenue statement of deposit.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, OTTAWA, le 18 février 1922.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 8 courant à l'égard de notre demande de \$50,094.49 en faveur de la *Dominion Iron and Steel Co., Ltd.*, ce montant étant destiné à couvrir les déductions de 10 cents par cent livres faites sur les factures pour l'acier fourni au ministère.

Tel que requis, on est à préparer un relevé indiquant les déductions effectuées sur chaque état de compte soumis par la *Dominion Iron and Steel Company* pour l'acier vendu pour la construction des navires.

Relativement au dernier paragraphe de votre lettre dans lequel vous demandez si le montant net seulement qui a été payé à la *Dominion Iron and Steel Co., Ltd.* a été porté au compte des constructeurs de navires, j'ai l'honneur de vous dire que seul le montant net a été déduit des paiements provisoires, mais vu le fait que l'on a majoré de 50 cents le prix contractuel de \$2.75 par cent livres d'acier fourni aux fins de construction maritime le ministère est bien protégé.

Je demeure, monsieur, votre obéissant serviteur,

E. HAWKEN, *S.-M. adj.*

L'Auditeur général, Ottawa.

Nécessité de crédits spéciaux du Parlement pour le paiement du transport des plaques d'acier

MINISTÈRE DE LA MARINE, OTTAWA, le 26 janvier 1922.

MONSIEUR,—N'ayant aucun crédit pour l'achat de l'acier pour l'exercice 1921-1922, le ministère s'est trouvé dans l'obligation de déposer au crédit du compte des recettes casuelles toutes les sommes d'argent provenant de la vente de la balance de plaques d'acier qu'il lui restait aux usines de la *Dominion Iron and Steel Co.*, à Sydney, N.-E.

MM. Drummond, McCall & Co., de Montréal, pour le compte du ministère, ont vendu environ la moitié de ce que nous avons en mains (quelque 600,000 livres) et ont remis des chèques couvrant la plus grande partie de leurs ventes.

En vertu de la réquisition N° 368, 1920-21, à même les crédits pour l'achat de l'acier, on a payé à la *Dominion Iron and Steel Co.* le plein prix de \$3.65 par 100 livres, toutes ces plaques d'acier ci-dessus mentionnées. Toutefois, lors de l'envoi de ces plaques de ses usines, sur les instructions de MM. Drummond, McCall & Co., la *Dominion Iron and Steel Co.* a dû en payer le transport et une taxe de vente de 1½% sur chaque facture. Naturellement, toutes les sommes ainsi payées sont recouvrables de ce ministère, puisque sur toutes les ventes de ces plaques le transport est payé jusqu'au point de livraison.

Pour payer des réclamations à même les Recettes Casuelles il est nécessaire, en faisant la demande, de toujours référer à l'état des recettes couvrant le premier dépôt de la somme à recouvrer. S'en tenir à cette procédure pour chacune des factures que nous avons à solder signifierait le retard des paiements dus à la *Dominion Iron and Steel Co.* pour le transport et la taxe de vente jusqu'à ce que MM. Drummond, McCall & Co. aient effectué avec nous un règlement pour la vente de l'acier et que l'argent ainsi reçu ait été déposé par le ministère au crédit du compte des recettes casuelles. Par suite du nombre considérable des factures en mains, les envois presque complétés, les réclamations et les contre-réclamations, tout arrangement de ce genre serait, pour ne pas dire plus, pour le moins compliqué.

Outre les comptes et les réclamations ci-dessus mentionnés, il reste encore à faire un certain nombre de règlements pour les plaques endommagées et les plaques qui n'ont pas été livrées, relativement aux affaires transigées pendant l'exercice 1920-21, alors que, sans doute, les remises ont été déposées au compte des crédits pour achats de l'acier. Dans le paiement de certaines de ces réclamations et de ces allocations il serait impossible de les imputer sur l'un quelconque des états de dépôt des recettes.

The Department has on hand in support of every claim for freight and sales tax both original and duplicate invoices showing the exact amount of freight and tax and is also prepared to furnish full particulars of every claim payable for lost and damaged plates special allowance etc. If these vouchers could be used and cheques issued against sums deposited to Casual Revenue for the sale of plates without going through the formality of making a special application for each payment, it would enable us to get many accounts closed and our books in good shape before the end of the present fiscal year. From \$10,000 to \$15,000 would be sufficient to cover all possible payments.

Your opinion is solicited as to the best method of proceeding with the winding up of the business. I will be glad to supply any further information required.

I am, Sir, your obedient servant,

A. R. TIBBITTS, *Acting Asst. D.M.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, February 3, 1922.

SIR,—With reference to your letter of the 26th ultimo asking if certain claims received at your Department for freight and other expenses paid by the Dominion Iron and Steel Company in connection with the shipment of steel plates purchased from the Company by the Government and subsequently sold to Drummond, McCall and Company may be paid from Casual Revenue, to which account the money received from the latter Company for the steel plates in question was deposited during the current fiscal year, I beg to say that in my opinion these claims may be paid only from a parliamentary appropriation provided for that purpose.

There was such an appropriation—Vote 541—during the fiscal year ended March 31, 1921, but no similar provision was made in the Supply Bill of the current fiscal year.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

Proceeds from Sale of Fish taken by Department for Hatchery Purposes

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, March 31, 1922.

SIR,—In reply to your telephone inquiries and in confirmation of the information then given you, I would explain that wherever conditions permit, this Department obtains in various ways for hatchery purposes, all the eggs of the fish that are ripe when they are caught by the commercial fishermen in the Great Lakes. The eggs that are saved in this way are an absolute gain, so far as reproduction is concerned, as if they were not collected for the hatcheries, they would go into the offal barrels and be a total loss so far as the maintenance of these fisheries is concerned.

The fishermen are allowed 40c. a quart for the eggs when they are collected by them. When the fish are retained in cribs until they are ripe, an allowance of 10c. each is made for the fish that are selected by the hatchery officers for the purpose, but nothing is allowed for the eggs that such fish yield. After the fish are stripped they are returned to the fishermen and disposed of by them in the usual way.

The cost of the eggs obtained in either of three ways is minus the cost of fishing equipment and fishermen's labour, as the last is covered by the return that they, the fishermen, receive from the sale of the fish. On the other hand, when the Department catches the parent fish a large expenditure is necessary for pound-nets and other equipment, as well as for a staff of fishermen, watchmen and others to operate the nets and to handle the fish.

Le ministère a en mains, à l'appui de chacune des réclamations pour transport et taxe de vente, l'original et le duplicata des factures indiquant le montant exact des frais de transport et de la taxe de vente. Le ministère est aussi en état de fournir tous les détails concernant chacune des réclamations payables pour plaques perdues ou endommagées, l'allocation spéciale, etc. Si nous pouvions nous servir de ces états de compte et émettre des chèques imputables sur les sommes déposées au compte des recettes casuelles pour la vente des plaques sans avoir à respecter toutes les formalités de faire une demande spéciale pour chacun des paiements, cela nous permettrait de fermer plusieurs comptes et les mettre en bon état avant la fin du présent exercice. Une somme de \$10,000 à \$15,000 nous suffirait à couvrir tous les paiements à faire.

Je sollicite votre avis sur la meilleure méthode à suivre dans le règlement de cette affaire. Je serai heureux de vous fournir tous les autres renseignements requis.

Je suis, monsieur, votre obéissant serviteur,

A. R. TIBBITS, *S.-M. adj. int.*

BUREAU DE L'AUDITEUR, le 3 février 1922.

MONSIEUR,—Relativement à votre lettre du 26 dernier me demandant si certaines déclarations, reçues par votre ministère pour frais de transport et autres, payés par la Dominion Iron and Steel Company au sujet de l'expédition des plaques d'acier que le gouvernement a achetées de la compagnie et qui ont été vendues plus tard à Drummond, McCall and Company peuvent être payées à même les recettes casuelles au compte desquelles l'argent reçu de cette dernière compagnie pour les plaques d'acier en question a été déposé pendant l'exercice courant, j'ai l'honneur de vous informer que dans mon opinion, ces réclamations ne peuvent être payées seulement que par un crédit spécial voté à cette fin par le Parlement.

Pendant l'exercice clos le 31 mars 1921 il y a eu un crédit semblable de voté—crédit n° 541—mais le bill des subsides pour l'exercice courant ne contient pas de disposition semblable.

Je demeure, monsieur, votre obéissant serviteur,

Produit de la vente du poisson pris par le Ministère pour fins de pisciculture

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, OTTAWA, 31 mars 1922.

MONSIEUR,—Pour répondre à votre téléphone et corroborer les renseignements qui vous ont alors été donnés, je vous ferai remarquer que partout où les conditions le permettent, ce département se procure de diverses manières pour fins de pisciculture, tous les œufs de poisson à maturité lorsqu'ils sont pris par les pêcheurs qui se livrent à l'industrie de la pêche dans les Grands Lacs. Les œufs sauvés de cette manière représentent un gain net, en ce qui concerne la reproduction, car si on ne les préservait pas pour la pisciculture, ils seraient jetés aux rebuts et seraient une perte totale quant au maintien de ces pêcheries.

On donne 40 cents la pinte aux pêcheurs pour ces œufs lorsqu'ils les recueillent eux-mêmes. Lorsqu'on garde les poissons dans des coffres jusqu'à ce que les œufs soient arrivés à maturité, une gratification de 10 cents par poisson est accordée pour ceux qui ont été choisis à cette fin par les fonctionnaires des piscicultures, mais on ne donne rien pour les œufs retirés de ces poissons. Lorsque les poissons sont vidés on les remet aux pêcheurs qui en disposent de la manière ordinaire.

Le coût des œufs obtenus par l'un ou l'autre de ces moyens ne comprend pas le coût des engins de pêche et du travail des pêcheurs, car ces dépenses sont couvertes par les revenus tirés de la vente du poisson lui-même. D'un autre côté, lorsque le départe-

Under these conditions this Department feels that it is only fair and reasonable that the proceeds from the sale of the fish that are taken for hatchery purposes in its own equipment and by men in its employ, should be credited to the Fish Cultural Vote, to recompense to some extent for the outlay and overhead expenditures that is necessary when the operations are carried on in this way. This Department would be obliged for your view in the matter.

It may be explained that where operations are carried on during the close season and in gill-net areas, it has been found from experience that the only way in which eggs of reasonably good quality can be secured, is for the Department to operate its own nets.

The Auditor General, Ottawa, Ont.

AUDIT OFFICE, OTTAWA, April 19, 1922.

SIR,—With reference to your letter of March 31st last asking my view as to the disposition that should be made of the proceeds of the sale of fish taken for hatchery purposes, I beg to inform you that in my opinion the practice heretofore followed of depositing the proceeds in question to the credit of Casual Revenue should be continued.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

WM. A. FOUND, Esq.,

Asst. Deputy Minister of Fisheries, Ottawa.

ment prend le poisson lui-même, il est obligé de faire de gros déboursés pour l'achat de filets et autres engins de pêche, et payer les salaires des pêcheurs, des gardiens et d'autres employés chargés des filets et du poisson.

Le département est d'avis que dans ces circonstances il n'est que juste et raisonnable que le produit de la vente du poisson pris pour les fins de la pisciculture dans ses propres filets et par ses employés soit porté au compte du Crédit de l'élevage du poisson, pour compenser dans une certaine mesure les déboursés et les frais d'administration que nous devons faire lorsque le travail se fait de cette manière. Le département vous serait obligé si vous lui faisiez connaître votre avis à ce sujet.

Je vous ferai remarquer que lorsque les opérations se font pendant la saison prohibée et dans les régions où la pêche se fait au moyen de filets flottants on a constaté que pour obtenir des œufs de bonne qualité le département était obligé de faire la pêche lui-même.

Je suis, monsieur, votre obéissant serviteur,

W. A. FOUND, *S.-M. adj. des Pêcheries.*

BUREAU DE L'AUDITEUR, le 19 avril 1922.

MONSIEUR.—Relativement à votre lettre du 31 mars dernier dans laquelle vous demandez mon opinion concernant la disposition à faire des produits de la vente du poisson pris pour des fins de pisciculture, j'ai l'honneur de vous informer qu'à mon avis, la coutume suivie jusqu'à présent de déposer les montants en question au crédit des Recettes Casuelles devrait être continuée.

Je demeure, monsieur, votre obéissant serviteur,

WM KEARNS, *A.G. adj.*

M. WM A. FOUND,

Sous-ministre adjoint des Pêcheries, Ottawa.

NOTE.—The annuity payment is for the purpose of paying off in 50 years the original capital, £2,000,000 and interest thereon at 3 per cent per annum.

General working expenses includes salaries and expenses of Head Office, Cable Stations and Cable Ship and Provident Fund.

Reserve and renewal fund is to provide for cable repairs and renewal of the cable when found necessary.

Revenue = Traffic receipts.

*This is the sixth occasion since the Pacific Cable was laid on which there has remained a surplus from revenue after the payment of the sinking fund annuities. In accordance with the provisions of the Pacific Cable Act, 1901, this sum must be applied in reduction of the outstanding balance of the original advance for the capital.
